*Prior Farm Kids Winners*

## Farm Kids *for* College Scholarship

National Farmers launched scholarship program more than two decades ago to invest in the future of agriculture-oriented young people. Farm Kids for College Scholarship winners have pursued degrees in agronomy, agribusiness, dairy science, animal science, farm business and more. The adventures agriculture provides are many, and the Farm Kids for College contest helps students in their college pursuits at four-year colleges or technical and community colleges.

“Our 2023 Farm Kids for College Scholarship competition application materials are available now, and we look forward to seeing applications from students devoted to lives in agriculture,” said Perry Garner, National Farmers national scholarship coordinator.

High school seniors planning to earn an agricultural degree from an accredited college or university are eligible, and must submit materials by Feb. 21, 2023. Based upon competitive selection, National Farmers will announce three national scholarship winners April 4, 2023. All three winners will receive \$1,000 toward their freshman year in college.
